## Youth Report (13's-17's)

Well , we're two thirds of the way through season 2011 , and now just broken for a three weekend rest , before the last 5 regular home& away games (then finals for those lucky enough)!

I must make mention of the increase in "incidents" we have seen at some of the games involving Marist teams this year !!

Parents , players and team officials please remember that you are representing our Marist Club at all games and training !

Please also keep in mind that our umpires are kids and young people doing their best , in some times very trying situations .

Alot of our Marist players umpire for the Claremont District , a fabulous accomplishment for our club , but this will not continue if they are not always treated with respect . If we don't have umpires , we , the parents , will have to do it !!! Or , not have games !

Other players and team officials (from other clubs) are just like us , kids and parents , wanting to have fun and help their kids improve ! Let's all remember this .

Now , on with some team updates :

13's Blue have been facing some challenges , but will continue to show the Marist spirit ... currently 7th .

13's Black The wheels fell off for 2 weeks but have re-applied themselves (albeit with injuries) currently 2nd

14's Black – Under extreme adversity , they have had their breakthrough maiden win , but are out muscled & undermanned each week . Still showing spirit , character & sportsmanship , ..... 10th

14's Blue - A bit like the Blacks in this age group , fighting out of their weight division , but putting up a great battle . Out gunned , but proud .....10th

15's After a shock shellacking from third placed Kingsley , are back in the winner's circle , but knocked out of top position and realising that there's still alot of work to do , before they can have a good crack at another premiership ! Another congrats to Jared Hardisty for making the State Schoolboys 15's team (Also to Alec Waterman for making the reserves) ..... 2nd

16's Starting to gradually make their move upwards . Sometimes a bit hit or miss , but with their coach on the mend can certainly be expected to give the finals a fair shake ! Just need to knuckle down and work hard ..... 4th

17's Have lost a little focus of late and would do well to keep their eyes on the path ahead . Certainly have all the weapons needed to do the Three-Peat !! Our "Flagship" team needs to all be on the same page , work together and bring home the bacon .....3rd

So , as you can well see , we are placed well to enjoy a successful year (results wise) ! But it's not just measured in premierships !

Let's enjoy ourselves , support each other (and the umpires) , and improve our on & off field skills !

Thanks so much to all the coaches and managers who put in so much time and effort for our kids !!!!!
